- 5.4.** The Board of Target Company had initially approved the Scheme for Re-organization of Share Capital and Arrangement for Revival of the Company under section 391 to 394 and other relevant provisions of the Companies Act, 1956 on 15th December 2012. The said scheme with certain modifications was finally sanctioned by the Hon'ble High Court of Gujarat, vide order dated April 30, 2015 which become effective on May 18, 2015. As per the said Scheme sanctioned by the Hon'ble High Court of Gujarat, the issued, subscribed and paid up share capital of the Target Company was reduced from Rs. 37,600,000/- (divided into 3,760,000 equity shares of Rs. 10/- each) to Rs. 1,880,000/- (divided into 188,000 equity shares of Re. 10/- each) by cancelling the balance share capital. Accordingly, upon such reduction of share capital, the shareholders of the Target Company were issued one new equity share of the Target Company for every twenty equity shares

held by them in the Target Company. It was informed by the Target Company that since incorporation it was engaged in the manufacture and trading of I.V. Fluids and pharmaceutical products. In absence of advanced technologies and cut throat competition, the Target Company could not perform well and had incurred huge losses. The Target Company could not pay huge outstanding of the banks and the assets of the Target Company were taken in to possession by the banks. The plant remained closed for over a decade and ultimately the assets of the Target Company were disposed of to settle the outstanding of the banks. In view of over 95% erosion in net worth of the company, the Scheme was proposed to restructure the share capital of the Company by reduction of 95% share capital of the Company and cancellation of Equity Shares on proportionate basis to adjust the debit balance of Profit and Loss account of the Company against such cancellation. After completing the restructuring of capital and cleaning of balance sheet, the Target Company has approached various strategic and financial investors, with an objective to revive its business and to augment long term resources as well as the working capital requirements of the Target Company. In this context the Acquirer, who has done Bachelor in Chemical Engineering and holds experience of more than 25 years in the field of Pharmaceutical and Biotechnology projects, has agreed to invest funds as well as take control of the Target Company. The Board of Directors found it expedient and in the best interest of the Target Company to make the preferential allotment to the acquirer and other Investors and to hand over the control to the Acquirer. The reduction of share capital under the scheme of arrangement was made with the existing shareholders of the Company with a view to disclose true and fair picture of the financial condition of the Company. The present allotment of shares under the preferential allotment is proposed to be made to the Acquirer and investors other than the existing shareholders of the Target Company to raise funds and to achieve its growth objective. There is no connection between the earlier scheme of reduction and the present preferential allotment.

5.5. There are currently no outstanding partly paid up shares or any other instruments convertible into equity shares of the Target Company at a future date.
